

HAYNES et al
Serial No. 09/775,805

IN THE CLAIM

Cancel claim 1 without prejudice and add the following new claims:

Sub. C8
9. A vaccine comprising a mixture or linear array of peptides, or variants thereof, selected from the peptides set forth in Table 3 (SEQ ID NOs: 14-42) and linear arrays set forth in Table 4 (SEQ ID Nos: 43-94).

10. A vaccine comprising the peptide of SEQ ID NO:39.

B6
11. A method of inducing an immune response in a patient comprising administering to said patient an amount of the vaccine according to claim 9 sufficient to effect said induction.

12. A method of inducing an immune response in a patient comprising administering to said patient an amount of the vaccine according to claim 10 sufficient to effect said induction.

Remarks

Favorable consideration of this application and entry of the foregoing amendments are respectfully requested.
